## 17th Anniversary & Cathedral Grand Opening

SPECIAL ANNIVERSARY ISSUE

A PUBLICATION OF THE TEMPLE OF RESTORATION

## CELEBRATING 17 YEARS OF GOD'S GRACE AND FAITHFULNESS WITH DEDICATION OF THE CATHEDRAL

**A**s we gather to dedicate this temple to the Lord, we are reminded once again of God's faithfulness. We pray that God's eyes will forever be upon this temple and His ears always inclined to hear the prayers offered here. To everyone who has stood with us believing the vision and praying and giving sacrificially to make this vision a reality, thank you for your commitment and loyalty first to God and then to this ministry. God will not forget your labor in this vineyard.

"Of course, my friends, I really do not think that I have already won it; the one thing I do, however, is to forget what is behind me and do my best to reach what is ahead," **Philippians 3:13(GNT)**. As people of God, we must learn to be grateful to God for the victories of yesterday! However, we must also understand that being grateful for yesterday's victories doesn't mean that we have to live in the past. Paul celebrated his accomplishments, but he focused on what God had for him in the future. I would like to encourage the restoration family, friends and partners to learn from the apostle Paul. As we celebrate our 17th anniversary, it is evident that God has been good to us and that we've had great victories and accomplishments; however, if we want to continue to be successful in our journey, we must refuse to settle for yesterday's accomplishments! As a wise man so beautifully said it, *"If what you did yesterday still looks big to you today, you probably haven't done enough today."* So as we prepare to cross into the New Year, which is the **Year of Exaltation in the Faith of Joseph**, we must be mindful of the word of God. *"If anyone serves Me, let him follow Me, and where I am there My servant will be also. If anyone serves Me,*

*him My Father will honor," John 12:26b.*

So we must continue to walk with God by being in the center of his will and serving him faithfully, steadfast in our labor of faith and walking uprightly before him.

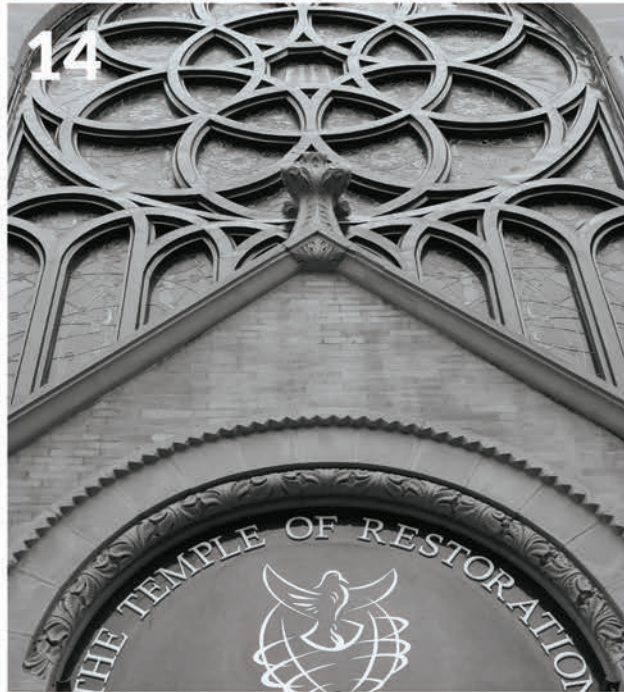

This is how the Lord honors his servant: If you stand up for Him and serve Him, then the Lord shall also stand up for you. Even in adverse times, the Lord is able to feed you. The world may be in darkness and people all around you may be complaining, yet you will neither go hungry nor unclothed. The Lord is sufficient to provide for all your needs. *"Instead of your shame you will receive a double portion, and instead of disgrace you will rejoice in your inheritance. And so you will inherit a double portion in your land, and everlasting joy will be yours," Isaiah 61:7 (NIV)*. I truly believe that 2018 is the year that the kingdom of the enemy is going to suffer greatly in order for the inheritance of God's people to be released! Many who have cried greatly and had to endure painful and shameful circumstances will be exalted to a position of honor for their troubles.

In this faith, I want to cordially invite every one of you reading this message to join us on **December 31st** in the **Night of Decision** to decide by faith the outcome of your life in 2018! It will be an unforgettable night!!! Thousands of people will come together in one accord on that great night to break into the New Year of Exaltation. Don't miss it! Everyone will receive a bottle of anointing oil of exaltation to be used as a point of contact of faith. See you there!

"Behold, I stand at the door and knock. If anyone hears My voice and opens the door, I will come in . . ." Revelation 3:20

To make Jesus your Lord and Savior, say this prayer wholeheartedly and believe it:

"O Lord God, I believe in Jesus Christ, the Son of the Living God. I believe God raised Him from the dead and I confess with my mouth that Jesus Christ is Lord of my life from today. I receive by faith remission of sins for my soul; and right now in the name of the Lord Jesus Christ, I receive eternal life into my spirit. Thank you Lord; I am saved. Thank you for saving my soul. I am born again now. I am a child of God from today. Thank you Father."

# CELEBRATING TWO GREAT CONQUESTS

*"I have heard your prayer and have chosen this place for myself as a temple for sacrifices" 2 Chronicles 7:12 (NIV).*

*The family of restoration is living two singular moments. The first is marked by a dream, a dream which was longed for years and which comes true with the dedication of the new Temple. The second is by the journey of seventeen years of community life.*

**T**he family of restoration is living two singular moments. The first is marked by a dream, a dream which was longed for years and which comes true with the dedication of the new Temple. The second is by the journey of seventeen years of community life. It has been almost two decades committed to planting trees in the garden of God, to sewing the good seed of the Kingdom and to sharing love, grace, forgiveness, and communion to all those who had the privilege of attending our services.

All are fruit of a dream. You've got to dream. Dreaming is about the plans of God. Only dreams lead us to defeat the impossibilities. Only dreams lead us to look at tomorrow with audacity and faith. This dream of dedicating one more area for the preaching of the gospel is the same way as the dream of building a temple for his God that dominated the heart of David. It has the favor experienced by Solomon when he

opened his heart before God by thanking Him for the privilege of living that moment.

There is also the anticipated joy of receiving the Lord's approval. Joseph Campbell wrote, *"A dream is your creative vision for your life in the future. A goal is what specifically you intend to make happen. Dreams and goals should be just out of your present reach but not out of sight."*

The dreams and objectives of the Temple of Restoration were reached because of the dedication, unity and the willingness of people who proposed to not just listen to the voice of God but practice it.

For sure, thousands of people are going to find a new meaning for their lives. They are going to start again in this spiritual journey. Without a doubt, a new page is going to be written in the beautiful history of this family of Restoration. We know, however, that history is history only when its marks, its deeds, its achievements come out of a written page and penetrate time, racing from the past to the present with consequences on the future. It is inadequate to just fill one more page in this history but important that every day in this new journey is lived with the faith that moves mountains and that every moment is filled with the presence of the One who came to make a great difference in our little world.

For sure, the path of this family of Restoration has already left indelible marks in the lives of thousands of people. An army of lives who made a partnership with God, who cooperate as partners of God to build, to care, to cultivate the house of prayer where God lives and made possible this blessing.

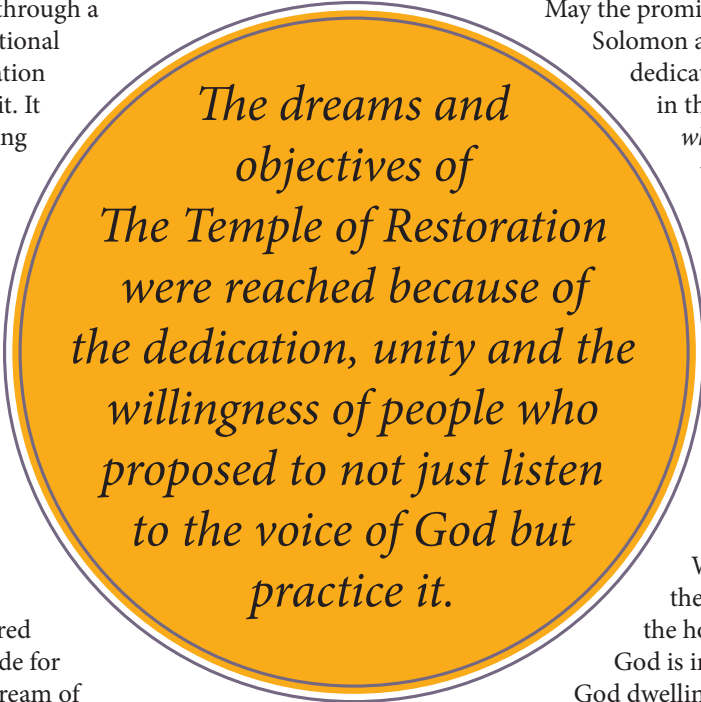

It is important to remember that the life of a church, of a people of God, of a ministry, is an artisanal life. We mean, this life is built through a close communion, an unconditional surrender, an unlimited dedication of all those who participate in it. It does not happen in the twinkling of an eye but built up with love and dedication. It is like weaving looms, where the threads are carefully chosen and the colors selected in accordance with the weaver's inspiration.

In all this excitement, facing the charm of this new house to serve the kingdom, we can't help showing a deep gratitude to Whom allowed all this to be done. Gratitude for the work done with sacrifice, watered with prayers and tears. Gratitude for all those who believed in the dream of building a Temple for the Lord. What matters is that the Temple of Restoration advanced, faced storms, saw arms loosen, but did not add up the losses that occurred in its history. It did not stop to focus on regrets. It has not stopped its progress to let room for lamentations, or ingratitude, which occurred in its journey.

On the contrary, it was always a collector of victories. It always got on its chest the medals of faith, trust and audacity. It knew, above all, how to keep its head up, facing proudly the challenges, and looking with the eyes of faith the myriad of angels around it. It knew how to dispel its fears, its sadness, its deceptions, and it knew how to soar higher above the dark clouds, which insisted on covering its vision. With a volcanic energy, it assumed its eagle nature and soared higher towards the infinity.

This is the church that is celebrating its seventeen years of life and already has added up to about six thousand and five years of existence. This is the church that has the biblical

truth as its spiritual north. This is the church that has always kept its doors open and has always acted with sincerity, with transparency in all it did and does. We affirm that the purpose of this church is still to offer life and life with abundance to all those who in a moment were struck with the cunningness of the one who came with the intention of robbing, killing and destroying.

May the promises that God dispensed to Solomon and to the people on the dedication of the Temple be fulfilled in this new house. *"If my people, who are called by my name, will humble themselves and pray and seek my face and turn from their wicked ways, then I will hear from heaven, and I will forgive their sin and will heal their land... I have chosen and consecrated this temple so that my Name may be there forever. My eyes and my heart will always be there."* **2 Chr 7:14, 16 (NIV).**

We know that the true temple, the sanctuary, the residence, the house, the dwelling place of God is in our heart. This vision of God dwelling in us reveals the greatness and the dignity of the human being before

God. May this new source cause springs of living water to quench the thirst of all those who roam in the wilderness of the world, tired, exhausted, aimless, with directionless walking. May this new Temple, fruit of the work of seventeen years, be a refreshing balm to alleviate the pain and the incertitude, and that it may be an instrument of restoration of peace, love, and hope for the lives of thousands of people!

May the nets continue to be launched in deep waters and may many miracles happen in this new house, for the honor and glory of the Lord!

Congratulations to all in the family of the Temple of Restoration.

# CELEBRATING 17 YEARS

*A call, a dream, a seed, a way, a goal,  
a desire, a marvelous work of God, implanted  
in a heart that burned desperately to take the  
truth of the Holy Word of God to this world.*

**H**i Restoration Family!  
We are pleased to celebrate 17 years of doing the Lord's work in the Temple of Restoration and becoming one more open door dedicated to the house of prayer for all the people of God.

Through our dreams, struggles, perseverance, easy and hard times, moments when courage would fail us and when it would materialize, periods of feeling persecuted and slandered, becoming the target of mockery by friends whom we had never expected would try to knock us down, through the grace of the Lord and by the power of the Holy Spirit, we were strengthened to keep moving forward, resolute that through faith, we would keep on the right path moving ahead.

It has not been easy overcoming so many challenges, fears, and lots of tears; but with prayers, fasts and perseverance, we were able to arrive at this momentous day. We never gave up. Step-by-step, we overcame all the obstacles always looking at the Mount from where our strength comes: the Lord.

A call, a dream, a seed, a way, a goal, a desire, a marvelous work of God implanted in a heart that burned desperately to take the truth of the Holy Word of God to this world. It came through and love continually grew as an ambition to reach other nations emerged. This divine vision enlightened the lives of the called servants. So, they agreed to take this word to all nations as commanded by the Scriptures.

Today, thank God, this ministry has branches spread all over the world, with the unique goal of preaching the Good News of salvation to all men. However, as with any warrior, it was not always like this; the struggles came and then we went to battle... On the lines below you will find the narration of this period of 17 years of "Therefore go" that

God ordained:

Exactly 17 years ago in New York City, more precisely in Brooklyn, I started to take my first steps in trepidation but with faith. Accompanied by Bishop Angelo and Mrs. Elizabeth Barbosa, we faced spiritual struggles, understanding that the enemy was displeased with another new door that God had opened and we prepared ourselves, knowing more would be done as more open doors in The United States of America, in Africa, in the islands of Cape Verde, in the Caribbean and in Brazil were established, leading the people to the Hope of Freedom and the knowledge of Salvation.

We want to thank the Lord for everything He has done and what He will still do in this ministry that has risen, supported by the Holy Ghost. This is to say thank you for the affection of the people who have been with us since the beginning, who shared our struggle and always kept in prayer and in intercession for the church and for the leaders, believing that God is present in this place. Our sincere gratitude go to The Restoration family around the world, to Bishop Angelo and his wife Elizabeth Barbosa and to the bishops and their wives, pastors, workers, members and visitors who are part of this wonderful work which was born in the heart of His servant Angelo and that today leads thirsty souls to God, to be saved and blessed by God.

Please accept our warm thanks and our friendly greetings.

Yours truly,

Bishop Francisco Freitas

# OVERCOMING GIANTS

*"If he is able to fight and kill me, we will become your subjects; but if I overcome him and kill him, you will become our subjects and serve us."*  
1 Samuel 17:9 (NIV).

*Faith is the power that God gave you to overcome all problems. No matter what you are going through at this moment, the God of the Bible has already given you the victory. Nothing can defeat you, nothing can overtake you. Take possession of your blessing.*

**T**his passage is the copy of the devil's challenge to mankind. As David arose and took away the shame that loomed over Israel, so did our hero - the Lord Jesus, who in the work of David (the shepherd of Israel who typifies our Savior), overcame the devil, and today we have authority over him and his demons. In Jesus, we are more than conquerors.

Giants like Goliath still exist today and many have risen to face the people of God. Giants are challenging personal ministries, challenging the church of Christ, challenging families, challenging our faith in God, our finances, our health, and are trying to put fear and discouragement in the hearts and minds of those who believe.

We all face giants in our lives. Maybe you are facing a giant in your family, your financial life, your health or spiritual life. The enemy wants to defeat you. If you accept defeat, you will always be a slave to your problems.

Goliath told the people of Israel, *"If you do not defeat me, you will serve me."* How many people are not overcoming their problems but just managing them? Giants must be defeated, completely defeated and not tolerated.

There is no escape. It's all or nothing. Victory or defeat, we choose. God did not call us to be defeated. He did not anoint us to stand still.

*"What, then, shall we say in response to these things? If God is for us, who can be against us? He who did not spare his own Son, but gave him up for us all—how will he not also, along with him, graciously give us all things together?"* **Romans 8: 31-32 (NIV)**

Faith is the power that God gave you to overcome all problems. No matter what you are going through at this moment, the God of the Bible has already given you the victory. Nothing can defeat you, nothing can overtake you. Take possession of your blessing.

*"No, in all these things we are more than conquerors through him who loved us. For I am persuaded that neither death nor life, nor angels nor demons, neither the present nor the future, nor any powers, neither height nor depth, nor anything else in creation, will be able to separate us from the love of God that is in Christ Jesus our Lord."* **Romans 8: 37-39**

God bless you abundantly.

# THE JOURNEY OF FAITH

*On this journey of faith, you MUST learn to silence the voices of doubt and negativity around you and replace them with words of faith and declarations from the word of God.*

**L**ife is a journey. It is a journey that will take us to places that are unimaginable, way beyond our wildest dreams and greatest aspirations. It is filled with mountaintop and valley experiences, good days and bad days, happiness, sadness, joy and sorrow; but these are all a part of the journey. For what good is a journey unless we experience all that it has to offer, so we can truly experience the rewards it yields in the end?

As followers of Christ, we are on a faith journey. Yes! We are! Jesus is the author and finisher of our faith and we walk by faith and not by sight. So, my brothers and my sisters, I implore you today to let us remain steadfast, unmovable, focused and committed to the cause of Christ.

**2 Kings 2** talks about Elijah and Elisha. The Bible says in verses 1-3, *“And it came to pass, when the Lord was about to take up Elijah into heaven by a whirlwind, that Elijah went with Elisha from Gilgal. Then Elijah said to Elisha, “Stay here, please, for the Lord has sent me on to Bethel.” But Elisha said, “As the Lord lives, and as your soul lives, I will not leave you!” So they went down to Bethel. Now the sons of the prophets who were at Bethel came out to Elisha, and said to him, “Do you know that the Lord will take away your master from over you today?” And he said, “Yes, I know; keep silent!”* The Bible says that they continued to Jericho and Jordan and everywhere Elijah went Elisha kept his eyes on him.

In this story, Elijah represents CHRIST and the same way Elisha purposed in his heart to keep his eyes on Elijah, you and I must keep our eyes on Jesus Christ. **Isaiah 51:1** says, *“Listen to Me, you who follow after righteousness, You who seek the Lord: Look to the rock from which you were hewn, and to the hole of the pit from which you were dug.”* Beloved, do not allow anything or anyone to distract you and cause

you to lose focus from what you are believing God for. Elisha knew what he wanted and he was willing to pay the price and make the necessary sacrifice to make it come to pass. There are many people who want things in life, but they are not willing to pay the price themselves and will try to discourage you from your stand of faith. When the sons of the Prophet came to Elijah he silenced them.

On this journey of faith, you MUST learn to silence the voices of doubt and negativity around you and replace them with words of faith and declarations from the word of God. When the sons of the Prophet came to Elisha they said, *“Do you know!”* Watch out for the *“do you knows”* of life that will try to deter from your stand of faith? Watch out for them because they come very subtly to make you abandon your dreams and your purpose. Do you know this? Do you know that no one ever did anything like this before? Well, I will be the first. Do you know the GOD I serve can do exceedingly, abundantly above what I ask or think? Do you know that: *“No weapon formed against you shall prosper, and every tongue which rises against you in judgment You shall condemn. This is the heritage of the servants of the Lord, and their righteousness is from Me, says the Lord,”* **Isaiah 54:17.**

As we celebrate 17 years of God’s Greatness and counting, it has been a journey where our faith was tested time and time again, but because of God’s faithfulness towards us, we persevere for the Glory of God. Your Faith and Trust in God will keep you standing. May God bless you abundantly in Jesus Name.

Shalom!

Bishop Anthony Howard

# STATEMENT OF FAITH

## OUR BELIEFS

**THE SCRIPTURES** - The Bible is the Inspired Word of God, written by men of God, guided by the Holy Spirit. We accept the unchangeable Scriptures as our guide for conduct and doctrine. **2 Timothy 3:16; 1 Thessalonians 2:13; 2 Peter 1:21.**

**THE DIVINITY** - There is only One God, but He manifests Himself in Three Persons: The Father, The Son and The Holy Spirit, which forms The Holy Trinity. God the Father is the Almighty, The One that sent the Word and is the Grand Architect. **John 14:28; 16:28; John 1:14.** The Son is the Word made flesh and has existed from the beginning with the Father. **John 1:14; 1:18; 1:1.** The Holy Spirit proceeds from both the Father and the Son. He gives substance to the Word and is eternal. **John 15:26.**

**MANKIND, HIS FALL & REDEMPTION** - Mankind was created in the image and likeness of God. But through the transgression and fall of Adam, sin came into the world. **Romans 3:23; 6:23; 3:10.** Jesus Christ, the Son of God, manifested Himself in order to destroy the works of the devil. He gave His life and shed His blood in order to redeem and restore mankind with God. **Romans 5:12; Colossians 1:13-14; Ephesians 2:16-18; 1 John 3:8.**

**ETERNAL LIFE** - Jesus Christ is the only road that leads mankind to God. Anyone who believes that Jesus paid the price for our sins and receives Him as their Lord and Savior will be saved and have eternal life with God. The first step for a person to obtain eternal life with God is through Repentance, resulting in a New Birth not of the flesh, but of the Spirit, the inner man. It is this experience that produces eternal life with God. **John 3:3-5; 2 Corinthians 7:10; 1 John 5:12-13.**

**SALVATION** - We believe that salvation can only be obtained here on earth, and not after death. It cannot be obtained by means of our own works of charity or any other human deeds, neither by attending a church. Salvation is obtained by the Grace of God through Faith and is at our disposal through the sacrifice of Jesus on the cross. In order to receive Salvation, a person has to believe in the Redemptive Word of Jesus Christ and, proclaim Jesus as their Lord and Savior. **Ephesians 2:8-9; Acts 4:12; Romans 10:8-10; Hebrews 9:23-24.**

**DIVINE HEALING** - It is the will of God to cure people today and always, whether they are saved or not, from all types of illnesses. We believe that with Faith in The Promises of God, it is possible to receive healing for physical and

psychological ailments and to remain in good health. Divine Healing is manifested through faith by the laying of hands or through the Gifts of the Holy Spirit. It has been made available by the sacrifice of Jesus and is the right of every Christian today. **James 5:15-16; Mark 16:18; Isaiah 53:4-5; Matthew 8:17; 1 Peter 2:24; Psalm 103:3; Psalm 107:20.**

**WATER BAPTISM** - This is a commandment of Jesus for all believers, which is performed by means of immersing the whole body in water. We do not baptize babies because baptism is for the remission of sins and a step of faith, which is not possible for a baby. It is an external act that identifies a believer with Christ in His death and resurrection. **Matthew 28:19; Romans 6:4; Colossians 2:12; Acts 2:36-39.**

## OUR MISSION

- To minister to individuals from all walks of life.
- To communicate to them the biblical truth through the preaching and teaching of the Word of God in our daily services, or through print and television media.
- To harness the desire of those who wish to rebuild their lives through spiritual counseling, by bringing them into a strong relationship with the Lord Jesus Christ. So that ultimately, they will experience God's love, forgiveness and acceptance.
- To exemplify our Lord Jesus Christ in our daily walk as we engage others in the process of living transformed lives by the renewing of their minds. Teaching them to cultivate the mind-set that ultimately will lead them to experience a new life in the Lord.

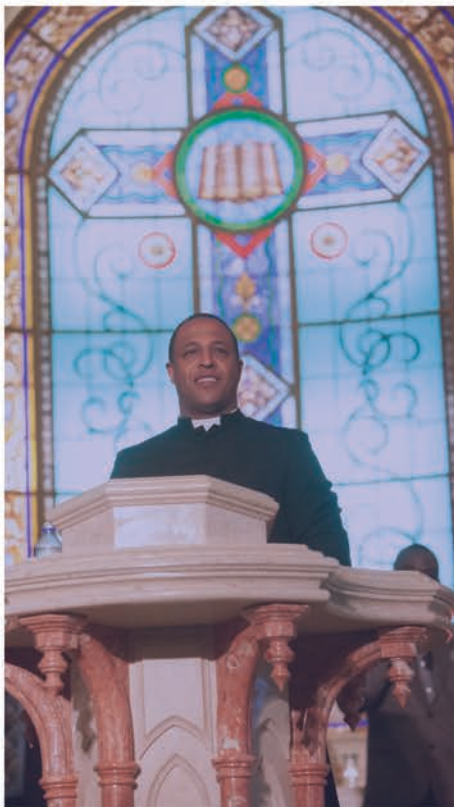

## OUR PURPOSE

Our purpose is to lead people to restoration, through the preaching and teaching of the glorious gospel of our Lord and Savior, Jesus Christ, enabling them to fulfill their Godly purpose. In effectively fulfilling our godly purpose, we are committed to various outreach ministries, such as street, hospital, and homeless shelter evangelism. However, our main vehicle of spreading the gospel is through our television program, the "Word of Hope". The "Word of Hope" has been very effective in awakening awareness within society to the power of God. Through this program, thousands of lives are being touched daily. As a result, we constantly receive testimonies of broken lives, broken homes, and broken relationships that have been restored. Wounded hearts have been healed, and many are experiencing the love of Jesus for the first time.

# INAUGURATION

## THE VISION CONTINUES

*“but they who wait for the Lord shall renew their strength; they shall mount up with wings like eagles; they shall run and not be weary; they shall walk and not faint.*  
Isaiah 40:31 (ESV)

**S**o the journey began and the Vision was implemented on that cold morning of November 12, 2000, weathering the fierce elements - Pastor Angelo Barbosa, his wife Elizabeth and ten (10) devoted believers gathered in the rundown basement of an old Baptist Church at 515 Dean Street, Brooklyn NY, for that first prayer meeting. Neither the humble beginnings nor the freezing temperatures could put a damper on the fire of God that burned within their hearts, the only heat present in the building. Fully clad in their winter jackets, hats, scarves and gloves but focused and determined, they fervently praised and worshiped the Lord for what He had done and what He was about to reveal in this new ministry. Infused with Pastor Angelo's Vision, their eyes were set on the prospects of hope and a promising tomorrow.

Stepping out on the waters of “crazy faith” they followed the leading of the Holy Spirit, Who imparted directions to Pastor Angelo and Ms. Liz (as his wife is affectionately called), into a small section of this dilapidated, rented basement that came with lots of stringent rules and regulations, unappealing walls, and defaced, wooded floors and falling apart. The assortment of chairs that were used for the service were old, decrepit and multi-

colored; there was no uniformity or harmony to the surroundings, which came with stern consequences if they even remotely exceeded the allocated space and time.

Notwithstanding, these faithful stewards in obedience, carefully observed these rules with smiles and purpose and served within the limitations that were set. It was only a short period of time before their faith was realized and the Lord gave Pastor Angelo uncommon favor by expanding the space they were utilizing to the entire basement. This opportunity was received as a great source of encouragement to them even though there was still scarcity of heat and comfort.

By this time, the Lord had heavily impressed on Bishop's heart to call the ministry, “**The Temple of Restoration.**” With the name of the ministry in place, coupled with the memorable motto “**Where Jesus Christ Is Changing Lives,**” they continued to meet on a regular basis. The main thrust of the ministry was geared towards deliverance and restoration, and word began to spread like wild fire about what was unfolding and what God was doing in this faithful ministry. People came from all walks of life to hear The Word, to be healed, to worship and to testify. It was no wonder that by the end of the first year, the membership grew to over two hundred strong.

Subsequently, with the ardent support of the parishioners, renovations of the basement were set in motion. With hands and hearts together, they embraced the “good work” as they candidly called it with joy. In a short period of time, they were able to welcome the arrival of brand new carpeting and matching chairs. “This was a great blessing!” Ms. Liz recalls.

With the increased growth and success of the ministry, by the end of that first year of “new beginnings,” several churches were planted in South Africa, Massachusetts, and in Queens, New York at the Harvest Room.

It became very apparent that the limited space could no longer accommodate the zealous crowds of people that came to experience the power of God. Like an unstoppable herald, the astonishing testimonies that were dispersed abroad soon resulted in parishioners flying in from domestic and international locations to simply participate in the services.

Favor continued to be with Pastor Angelo and in 2005, he received an unprecedented opportunity to purchase the entire church building at 515 Dean Street!

As things unfolded before his eyes, he was well aware of the gridlock opposing him financially. But like a bold warrior, he pressed forward despite the many setbacks. Consequently, God honored his faith, as well as the fidelity of his people and they were able to purchase the church without bank financing.

With the continued growth in the ministry, on May 16, 2010, Pastor Angelo was elevated and anointed Bishop Angelo. A responsibility he wore with humility and thanks giving as he continued to lead the people. And the Lord spoke to him, *“Go up to the hills and bring wood and build the house, that I may take pleasure in it and that I may be glorified, says the Lord.” ... “And the Lord stirred up the spirit of the people and they came and worked on the house of the Lord of Hosts, their God!” Haggai 1:8,14*

This committed servant of God and his growing flock wasted no time in beginning the construction on the main sanctuary. Feverishly, a new heating and cooling system was installed. And with the spirit of excellence, they pursued the overall beautification of the Lord's house. It was a time to build and even though this restoration project was indeed an extraordinary task both in work and finances, the team readily accepted the challenges they faced. Through the sacrificial support of the members, covenant partners and friends of the ministry, the finances became available and miraculously, the work was completed.

By 2007, every square foot of the foundational building was being utilized. Now, decked with a plush décor that exudes an elegant and timeless ambiance, the entire complex reflects the lavish faithfulness of God. From the chic chandeliers to the fine wood furnishings, from the cushioned pews to the posh glass stained windows, it's obvious that Bishop Angelo is a man of impeccable taste and there is no offering too great to give to the Lord. At last, after the disciplined toil, the headquarters, the founding block, was inaugurated in June 2007, dedicated

and consecrated to be used for the sole purpose of God's work.

Spreading out from Brooklyn New York, this Pentecostal ministry is comprised of people from diverse cultural backgrounds. It has drastically grown from 12 members to more than several thousand members collectively in the USA and abroad. Churches continue to be planted in various parts of the world to include Cape Verde, Brazil, Trinidad and Tobago, South Africa and the Mountain Kingdom of Lesotho and domestically, Mt. Vernon, New Jersey, Staten Island, Queens, Rhode Island, and Massachusetts. Under the anointed leadership of Bishop Angelo as founder and senior Pastor, the Temple of Restoration continues to reflect the heartbeat of God as they spread the Gospel of Jesus Christ across the nations of the world. With a mission to reach the needy, the oppressed, and the less privileged and forgotten of society, the doors are open on a daily basis with most branches having four (4) services per day. With a tireless evangelical commission in place, the ministry is geared to facilitate the various needs of the people.

**Services are held on Sundays at 7:30AM, 10AM, 3PM (Spanish at 515 Dean Street) and 6PM; daily services are held Monday thru Friday at 10AM, 12PM, 4PM and 7PM (service times vary at each location).**

**Creole services are held at our Snyder location at 10AM every Saturday and 3PM every Sunday.**

**Portuguese service is at 10AM every Sunday in New Jersey.** Weekly services are thematic in nature, strategically designed to address the varied needs of parishioners, for example: Financial Restoration, Health Restoration, Bible Study & Spiritual Growth, Family Restoration, and Deliverance.

Today, November 12, 2017, The Temple of Restoration celebrates 17 years of service to the Lord, exactly 17 years to the day of that first service in such humble beginnings. One can see the awesome power of God as we consecrate and inaugurate the Cathedral located at 490 Pacific Street, the same location the Bishop rented to celebrate the first anniversary of the ministry. This location was acquired in 2012, now no longer a need to rent but owned by the ministry! All glory to God! And so the journey continues, with God making provisions for each step of the way!!!

**The Temple of Restoration is indeed a place where Jesus Christ is changing lives every day!**

# PACIFIC CATHEDRAL RENOVATION

*"One thing I have desired of the Lord, That will I seek: That I may dwell in the house of the Lord All the days of my life, To behold the beauty of the Lord, And to inquire in His temple." Psalm 27:4*

Herein lies the beginning of a new chapter. The grand opening of **The Temple of Restoration's** new Headquarter location at 490 Pacific Street in Brooklyn, New York is not so much the end of an era as it is the continuation of a legacy! Servants of God and laborers in the Kingdom have worked tirelessly over the past five years to build TTOR's Pacific Street Cathedral into the finished temple it is today: a safe haven for the lost, the broken and the blessed.

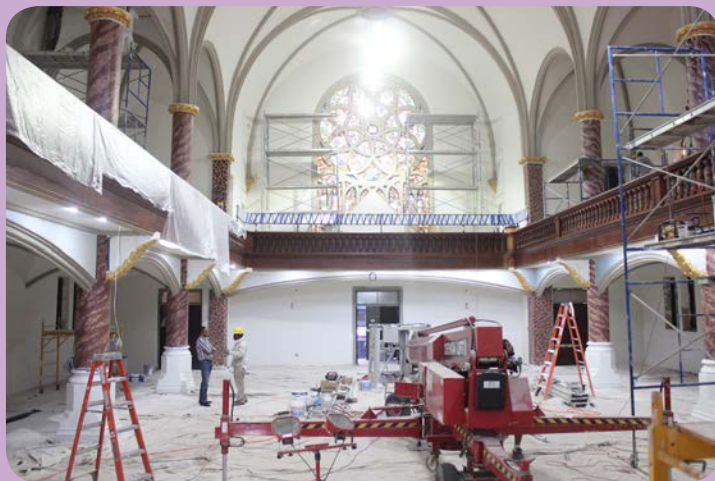

The Pacific Street cathedral is set to be the replacement location for TTOR's previous headquarters at 515 Dean Street in Brooklyn. We visited the new cathedral to learn the history of how it became a TTOR location and the progress of the renovation that had been taking place there since 2012.

The Pacific Street cathedral became a part of TTOR's history back in 2001 when the ministry celebrated its first anniversary dinner there. They intended to rent the space for one day to celebrate the church's anniversary, but the Lord had other plans.

Over a decade later, Bishop Angelo and the team set their sights on moving TTOR's headquarter branch from Dean Street to the Pacific Street cathedral. Pastor Walter "Junior" Black, is a TTOR Pastor who also served doing the electrical work on the Pacific Street renovation. He remembers that he used to accompany some of the TTOR senior pastors on periodic trips to the cathedral. At the time, he did not know why they were going there. The pastors would go to the building and march around it, anoint it, and pray over it with faith, while he sometimes waited for them in the car. He eventually learned that the servants of God at TTOR were believing for the acquisition of the historic cathedral, located in the heart of downtown Brooklyn.

Pastor Junior says he remembers eventually hearing Bishop Angelo say that the ministry had finally obtained the building where it held its first anniversary celebration! That was an exciting victory for the clergy, servants, members, partners and friends at The Temple of Restoration.

Many people all over the world are able to say they came to TTOR believing God by faith for a seemingly impossible task and received exactly what they petitioned heaven for. It was an encouragement for all those who got to see God grant such an enormous victory to a ministry whose beliefs are firmly rooted in the premise that nothing is too difficult for God!

When TTOR purchased the Pacific Street cathedral, the ministry didn't just obtain the building; they also obtained every item, antique, and piece of furniture that was inside. If you speak to certain assistants at TTOR, they will detail how they pulled together to host a yard sale for the community so the church could get rid of the items it inherited.

After clearing out the cathedral, then came the bigger challenge. TTOR was faced with the task of giving the entire cathedral a thorough renovation. Pastor Junior describes it as being a "lengthy process." He describes Bishop Angelo as being a person who likes the best for God. As a result, Pastor Junior says there were times when workers at Pacific Street would do work in the building that ultimately ended up having to be changed (for example the room sizes, tiles, or the painting). This was because the quality of what was installed, as good as it may have been, did not match the quality of what Bishop Angelo envisioned for the cathedral! He says there were many days Bishop Angelo would be right there working beside them as though he was a construction worker to assist in the execution of his vision for the cathedral!

Pastor Junior admits there were times when he thought, "Why are we changing this?" But when he would see the end results of the changes, he had to agree they were much better! TTOR has imported materials from all over the world to ensure that the Pacific Street Cathedral matches the quality the ministry believes God's house so rightfully deserves.

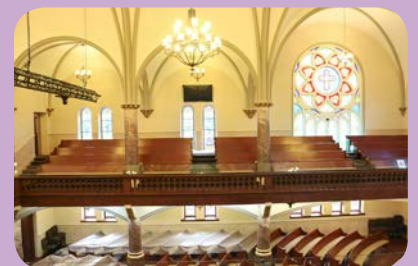

*"I believe God is going to do great wonders in that building because it was built in a special way. When people come in, they're going to realize that God is still in the business of taking care of His*

*work,"* Pastor Junior says. He recounts there were many challenges in getting the Pacific Street cathedral to where it is today. There were times Bishop Angelo would give the workers a description of what he envisioned for the building and they would wonder how such a task could ever be accomplished.

Yet, though it was a challenge to bring the elaborate Pacific Street construction to its current beauty, the Pastor says it was well worth it. He testifies that the construction process was one that could not have been rushed. Workers had to take their time and sometimes even revisit and redo completed jobs in order for the finished cathedral to be what it is today.

When we think of the amount of souls that will be saved, children that will be dedicated, messages that will be preached, marriages that will take place, and people that will be healed at 490 Pacific Street, we at The Temple of Restoration would like to thank God for His faithfulness and commitment to His people. King David says in **Psalm 27:4**, "One thing I have desired of the Lord, that will I seek: That I may dwell in the house of the Lord all the days of my life, to behold the beauty of the Lord, and to inquire in His temple."

To the members, partners, friends and family of TTOR: We would like to welcome you to your new Temple. May you build great memories in this cathedral. May you and your family grow in the Love of the Lord in this House. Always remember that as God is taking His ministry, TTOR, from victory to victory, we believe the same blessing to prosper is also dwelling in the lives of those connected to The Temple of Restoration! God bless you and welcome home!

## In collaboration with its 17th anniversary, TTOR asked some of its pioneer members how the ministry has grown or impacted their life since it started?

The Temple of Restoration ministry has grown tremendously. When we first opened, I can remember one day in the service hearing the Bishop say, “I hear a roaring sound coming.” He was explaining through that “roaring sound” that the vision had to be fulfilled. There were going to be many people coming to know about Christ and being delivered from all that they were going through. I have seen that come to past at TTOR. The ministry has blessed me so much. When I first started coming here, I didn’t know much about God. I started to exercise my faith and apply what I was being taught to my life. Today, I am blessed and see even greater things coming into my life and my family’s life.  
**Elaine Smith - Brooklyn, NY**

Seventeen years ago, to the eyes of man, The Temple of Restoration was a cold, broken down and very unattractive place, but with potential. However, in the eyes of God, it was where The Holy Spirit dwelt. It was not full of potential, but it was filled with everything God needed it to be. My life, when I first came to the church, mirrored that of TTOR: broken, cold and unattractive. Through faith and perseverance, we both now flourish with God’s riches and blessings. God’s promises continue to manifest in both my life and that of The Temple of Restoration. We have gone from a basement church to a church taking God’s gospel to all corners of the world.  
**Michelle Oxley - Brooklyn, NY**

I’ve been attending services at Dean Street since the year 2000. From the first time I came, I realized this was somewhere I really needed to be. The ministry has expanded in a way that has been mind-boggling. It has gone from being a simple place in the basement to a beautiful, refurbished, powerful house of God. When I arrived at The Temple of Restoration, I realized I really knew nothing even though I was reading the bible. But when I got to comprehend the promises and the effect that the Word of God should have upon my life, a complete transformation took place. I’m expecting even greater things at the Pacific Street location and praying for major expansion there as well. Many will come from the north, south, east and west for the glory of God. I’m believing God will do what only He can do.  
**Esther Brand - Brooklyn, NY**

Since walking through the doors of The Temple of Restoration 17 years ago, my family, my finances and my faith have changed. I remember during one of the early services when there were just a few of us, Bishop told us to turn around and say hello to the people that weren't there yet. Through Bishop Angelo's faith, I saw God take a cold, run down building and make it into a home base for many beautifully built TTOR churches. He taught us to use our faith by believing in the Word of GOD and through his example, my faith has become even more sound and established. Through the difficult moments, we stayed focused on God. I see people who come through these doors through God's eyes and not my own. I remain prayed up and positive for everyone's transformation. God did it for me and my family. He can do it for anyone. **Durkis Homward - Brooklyn, NY**

---

I remember being on vacation when the first services were held. When we returned, my husband and I rushed to find "Our Pastor's" new church. From the moment I walked into that cold, damp basement with floorboards so old you could actually see the ground through them, I knew we were home! TTOR is more than a church. It is a family to everyone who enters the doors seeking... Some people, like me, don't even know what they are seeking/missing until they find it. My husband and I have had many challenges in our life, but Bishop, Ms. Liz and this ministry have always been there for us. I have seen how their faithfulness has turned a half-basement church into an international ministry building houses of worship and saving souls all over the world! I thank God for them; they and the ministry are always in my prayers. God has blessed my husband and I so much through the teaching of the Word of faith given in this ministry. He has blessed us to be a blessing to family and friends. I am not the same person I was when I entered TTOR and I believe that God has just started with me. I know that he has just started with TTOR!

From the first day, November 12, 2000, when that red door was opened, The Temple of Restoration Ministry has impacted and blessed my life. One of those blessings is being part of the children's Ministry that continues to humble me spiritually as I watch them grow. I remember when there were just a few children ages 3 months to 11 years old. We had a tiny space with no chairs or tables, just boxes, blankets and beanbags; but we taught the Word, sang songs, had little snacks and enjoyed our thirty minutes together. In that small room, we laughed, conversed, had entertainment, held birthday parties, and the children even performed reenactments of bible stories. By being faithful, the Children's Ministry continued to grow here in Brooklyn and now all around the world. With open arms, we welcome all boys and girls to become part of the Children's Ministry. I thank God, the Lord Jesus Christ and the Holy Spirit for allowing me to be Your servant. **Janet Archer - Brooklyn, NY**

## SERVANTHOOD, THE GREATEST CALLING

*"... but through love serve one another." - Galatians 5:13*

The greatest manifestation of love is servanthood. When we love, we do and we do without wanting anything in return. We do it selflessly. If anyone wishes to be healed from selfishness and self gain, they need a good dose of serving.

In today's world, it's very rare to find people, who do things for others with the simplicity of just doing it. They do without telling others. They do without blowing trumpets, calling attention to themselves. They do without wanting a pay back at the end. They do and forget, not bringing it up to the person whenever something doesn't go their way. Yes, this is true servanthood.

Jesus was an example of this. Whenever He healed a person, He would tell them to go and not tell anyone it was Him who did it. One day, Jesus taught about the greatness of serving. And an argument arose among His disciples concerning who was going to sit at His right and left Hand in the Kingdom of

Heaven. James and John thought within themselves that they were capable and worthy of such a place. But Jesus knew they had no real idea of what they were asking. You see, too often people see only the glory and never once stop to hear the actually story of a person's victory.

Don't covet a person's place period. Sometimes we ask and desire things that we're just not ready to handle. Everyone seems to want to be the boss and lead, but sadly, they're not equipped to do so. A great leader is simply a greater servant, who has passed and done well with what we entrusted to him/her. If people knew the weight that a leader carries, they would step back and be content where they are.

Serve with all your heart. Do what you do as unto the LORD. Don't worry if others don't see it or thank you for it. God will ultimately reward you. Be blessed.

VOR INTERVIEWED  
A FEW OF THE PASTORS  
AT TTOR

PASTORS Q&A

Pastor Sherwin

**1. VOR:** What is your earliest memory or the moment you realized God was calling you to be a pastor?

**Pastor Sherwin:** It was the summer of 2007. I remember I was in the Young Adults Group and also a candidate in the Assistants Class. We, the young adults, would go and minister to the troubled and homeless young adults at a group home in Manhattan. From time to time, I was asked to prepare something biblical to deliver to them. This became a habitual request until I was asked to take full charge of the meetings. That was when I realized that God was preparing me for ministry.

**2. VOR:** At The Temple of Restoration, we believe that Jesus is changing lives here everyday. Can you tell us how God has changed your life at TTOR?

**Pastor Sherwin:** Prior to coming to the temple, my life was upside down. I struggled with alcohol, women and clubbing just to name a few. I wanted change but never knew how change was going to come. After accepting an invite to the temple, participating in the deliverance services and following the counsel that was given to me on how to live a better life, things began to change for me. What used to be my biggest struggles are gone today.

**3. VOR:** For many pastors, preaching the gospel was not necessarily what they had planned to do with their lives. What about you? What were your plans for your life before your call to ministry?

**Pastor Sherwin:** Well, I can attest to that statement. Being a pastor was never in my plans. Actually, my dream was to one day be a CEO of a top company in Manhattan and then go on to own my own sporting goods business. But God had a different plan as you can see today.

**4. VOR:** What do you believe it takes to be a good pastor in the world today?

**Pastor Sherwin:** That's a wonderful question. To be an effective pastor, I believe it takes a few key things: It takes commitment, dedication, willingness to learn, humility and a

passion for seeing other people's life story change.

I also believe that in order to be an effective pastor, the needs of your calling and of the people must supersede your needs.

**5. VOR:** As you reflect on your time at The Temple of Restoration over the years, what would you say has been the passion and driving force behind the ministry?

**Pastor Sherwin:** The passion of the Temple of Restoration is seeing people experiencing restoration in every area and aspect of their lives. After salvation, that's our greatest desire for the people. As for the driving force behind this ministry, it's a combination of different things. I must say having great leadership is key, but having leaders who are leading by example and not by words also helps. I will also add that having pastors, assistants and even members who believe in the dream that God has given the Bishop also helps. Having people who are committed to your dream, want to see it happen, and are willing to do whatever it takes to see these dreams become a reality is key to driving TTOR forward.

**6. VOR:** Tell us about a recent experience that you had at The Temple of Restoration that is unique to you?

**Pastor Sherwin:** I would say being used by God to pray for someone who had stage IV lung cancer. The doctors stated that he was in his final month; we prayed for him, and today he is cancer free. Why is this unique? Because that was one of the three things I asked God to use me to do when I started ministry, pray for someone who was on their dying bed.

**7. VOR:** Do you have any final thoughts you'd like to share with our readers?

**Pastor Sherwin:** As we celebrate our 17th year anniversary, I reflect on not just the good things that have happened for us, but also on the trials that couldn't stop us but because of faith, resilience and great leadership. We're here today to celebrate God's faithfulness. I encourage each reader to continue to make God your number one priority and to remain faithful to Him and to this ministry He has planted you in, for your faith, commitment and dedication will yield great results in every area and aspect of your life.

## Pastor Kerlan

**1. VOR:** What is your earliest memory or the moment you realized God was calling you to be a pastor?

**Pastor Kerlan:** After realizing that God had not only saved my life but also changed my life, there was nothing more desirable for me than to serve God.

**2. VOR:** At The Temple of Restoration, we believe that Jesus is changing lives here every day. Can you tell us how God has changed your life at TTOR?

**Pastor Kerlan:** Prior to coming to The Temple of Restoration, I was confused, fearful and lost. I used to believe that I would never live to see the age of 24 because of the lifestyle I lived. Now, I'm no longer confused or fearful; I have a sense of direction and I recently celebrated my 29th birthday and look forward to my 120th birthday.

**3. VOR:** For many pastors, preaching the gospel was not necessarily what they had planned to do with their lives. What about you? What were your plans for your life before your call to ministry?

**Pastor Kerlan:** I had plans to go back to school and get an education, to get a good job in the event of life, and to start a family.

**4. VOR:** What do you believe it takes to be a good pastor in the world today?

**Pastor Kerlan:** I believe it is being a good example and the readiness to make sacrifices.

**5. VOR:** As you reflect on your time at The Temple of Restoration over the years, what would you say has been the passion and driving force behind the ministry?

**Pastor Kerlan:** I must say souls. The Temple of Restoration doesn't put a price on souls. This means, we will go as far as possible to reach others and see their lives transformed.

**6. VOR:** Tell us about a recent experience that you had at The Temple of Restoration that is unique to you?

**Pastor Kerlan:** One of the most recent experiences I had was being able to go back to my country for the crusade after nine years away to minister to the people. It was such a blessing knowing God could use me to be a blessing in my homeland.

**7. VOR:** Do you have any final thoughts you'd like to share with our readers?

**Pastor Kerlan:** I thank God for the ministry and the leadership of this ministry. I'm blessed to be part of such great work.

## Pastor Dionne

**1. VOR:** What is your earliest memory or the moment you realized God was calling you to be a pastor?

**Pastor Dionne:** My passion is to help people. I had a great position in the banking industry and I was successful at what I did. But I realized that I wasn't feeling fulfilled at what I was doing. There was a great void. I started to seek God more and my desire to serve Him grew. I realized I was talking to my clients about the power of God instead of their financial needs. It was at that point that I made the decision to stop dreaming my dream and dream God's dream.

**2. VOR:** At The Temple of Restoration, we believe that Jesus is changing lives here every day. Can you tell us how God has changed your life at TTOR?

**Pastor Dionne:** I walked into TTOR broken in all areas of my life and without hope. Today, when I look back at my life, I see God's power of restoration in my health, sentimental life, family, finances, etc. I have found hope in a relationship with God. Today, I am able to encourage and be a blessing to others.

**3. VOR:** For many pastors, preaching the gospel was not necessarily what they had planned to do with their lives. What about you? What were your plans for your life before your call to ministry?

**Pastor Dionne:** I wanted to own my own business as an Event Planner for all occasions. I wanted to establish my business both nationally and internationally. However, God had other plans for my life.

**4. VOR:** What do you believe it takes to be a good pastor in our world today?

**Pastor Dionne:** To be a good pastor in our world today means understanding first and foremost what is God's purpose in your life. As a Pastor, you are laying down your life each day; you are saying "no" to self and "yes" to God's will each day. Once you understand your purpose and the sacrifices you have to make on a daily basis, you are able to minister to God's people effectively, go out into the world and preach the gospel of Jesus Christ, and win souls for his kingdom.

**5. VOR:** As you reflect over your time at The Temple of Restoration over the years, what would you say has been the passion of the ministry?

**Pastor Dionne:** Winning souls for the kingdom of God. I look around at the men and women who walked into the temple broken and see how God has changed their and continue changing lives every day, opening doors for his

people and giving hope where there was no hope; this is the passion of the ministry.

**6. VOR:** Tell us about a recent experience that's unique to you that you had at The Temple of Restoration? One of the most recent and unique experiences was during the month of sacrifice, "In the Faith of Mary".

**Pastor Dionne:** I was able to join Bishop Angelo and the team that went to the Holy Land. It was an honor to carry the prayer requests of the people to the different biblical sights to intercede on their behalf for the glory of God. This was an experience that I will cherish for the rest of my life.

**7. VOR:** Do you have any final thoughts you'd like to share with our readers?

**Pastor Dionne:** The Temple of Restoration is a spiritual and physical hospital where people who are broken and hurting are welcome. To many, it's a second home. It's a place where your life will not be the same when you sincerely surrender to the Master (God) and the Master's plan for your life.

### Pastor Aidan

**1. VOR:** What is your earliest memory or the moment you realized God was calling you to be a pastor?

**Pastor Aidan:** I was talking to a close friend of mine in the Lord and she asked what do you think about doing ministry. I was a bit hesitant to answer because I looked at God's work as serious business and not for me, but for some reason the question stayed with me. Then one day, I felt this strong feeling in my heart to really go after this. I spoke to the Bishop about what God had placed in my heart and he told me to pray about it and come back to him. After praying about it to confirm, I made my mind up that this is what I'm going to do and the rest is history.

**2. VOR:** At The Temple of Restoration, we believe that Jesus is changing lives here everyday. Can you tell us how God has changed your life at TTOR?

**Pastor Aidan:** My life was bound up, tied up in every way. It was so bad that an evil spirit would come every night to sleep with me. At one point, I had doubts about the existence

of God. I thought how real is He if I'm going through this trouble? I felt really hopeless. One of my family members invited me to the Temple of Restoration where I heard really powerful testimonies of what Jesus was doing in the lives of the people and my faith started coming alive. Today, I can say the Lord has definitely transformed my life and continues to do so.

**3. VOR:** For many pastors, preaching the gospel was not necessarily what they had planned to do with their lives. What about you? What were your plans for your life before your call to ministry?

**Pastor Aidan:** I worked for the government in my native country and I was trying to get back into doing the same here.

**4. VOR:** What do you believe it takes to be a good pastor in the world today?

**Pastor Aidan:** There are many things that make a good Pastor, but for me the most important one is having a great relationship with God.

**5. VOR:** As you reflect on your time at The Temple of Restoration over the years, what would you say has been the passion and driving force behind the ministry?

**Pastor Aidan:** Over the years, I see the love the Temple of Restoration has for the people. We may not be a perfect church, but we love the people no matter the pain and scars they carry.

**6. VOR:** Tell us about a recent experience that you had at The Temple of Restoration that is unique to you?

**Pastor Aidan:** It was a prayer vigil and I felt the Presence of God so strong, stronger than I had ever felt before. His love was so powerful that I started crying and said, "Lord even if you don't bless me, I will still serve you." I was young in my faith then and I didn't fully understand the blessings of God. I thought it was just material, but I found out that I was already walking in His blessings.

**7. VOR:** Do you have any final thoughts you'd like to share with our readers?

**Pastor Aidan:** When we learn how to give 100% of our lives to God, we will also overcome 100%.

# THE PROGRESSION OF TTOR: FROM THE PERSPECTIVE OF A TTOR ASSISTANT

IDA WALLACE - BROOKLYN, NY

Q&A

**VOR:** How did you meet Bishop Angelo?

**Ida Wallace:** Well

my sister invited me to church and she told me about

this young pastor that was preaching. So I came to the church one Friday night. I didn't understand anything that was going on because I was coming from another denomination. From that time, I never left the church. I'm still here until today.

**VOR:** What was it like being in that first evening service?

**Ida Wallace:** It was a great service. It wasn't a lot of us there. The church building was old, but we were happy to be there. I don't think we had more than twenty or twenty-five people there in the evening service. The morning service only had twelve people and we probably had just a few more in the evening service.

**VOR:** For the first few years at TTOR, what was the main goal of the ministry for you as an assistant?

**Ida Wallace:** The goal was to fix up the church building, make the church look beautiful and to win souls for Jesus. We didn't have much finances, but Jesus provided.

We did our best. There were less than ten assistants at the time. We would buy the things that the church needed. Bishop would do the same. I don't know how many times we changed the design of the church. We would change the curtains, the design of the chairs. First, we had some orange

chairs and they were so hard. Then we had blue chairs that were donated. Then in about a years time, Bishop bought his own chairs.

**VOR:** What's your earliest memory of TTOR doing a special service outside of 515 Dean Street?

**Ida Wallace:** I remember we went to Africa about three times. We went twice to South Africa. Then we went to Lesotho and Soshanguve to have special services for the people. That was the first time I remember The Temple of Restoration doing mission work.

**VOR:** Over the years, what are your favorite things that happened to you personally at TTOR?

**Ida Wallace:** God healed me. I was sick. Financially, I was sick. Physically, I was sick. I used to suffer with headaches and migraines. God took all of that away from me. God took away all my bills. I have no credit card bills. That could be my favorite thing that He did. He took my bills away. It's true! Also, my favorite thing is that I get to travel. I never thought in my life that I would have gotten to go to South Africa, Israel, Trinidad, Jamaica, Haiti, and Cape Verde.

**VOR:** What has been the most memorable service at TTOR for you?

**Ida Wallace:** All the services at TTOR are great, but I think one of the greatest ones was the ordination of Pastor Angelo to a Bishop. It was just special.

# FROM DISGRACE TO GRACE

CHERRY-ANN SOBERS-GIBBONS - BROOKLYN, NY

**S**eventeen years ago I walked through the doors of TTOR confused, angry, barely making it financially and needing guidance in my sentimental life. I can still remember that morning when Bishop Angelo sat in the freezing church listening intently to my problems and offering biblical counseling through the word of God. Little did I know that this hour long visit would not only change my life but that of my entire family forever. Here is my story:

After I gave my life to Christ I was celibate for several years trusting that God would honor my faith. I sowed seeds, fasted, prayed, and kept standing on God's promises. In December 2000, God's promises materialized in my life and I was the first person to get married at TTOR. The blessings did not stop there, two of my siblings were married the following year and another two the year after that.

So in less than three years five of my parents children were married along with several cousins. Little did I know that God was going to use the doors of TTOR as a gateway to break the curses and shame from my family.

Soon after this everything around me began to fall into place and I began to receive the favor of promotions and salary increases. I give God thanks for showing His miraculous powers in my life and taking my family and I from disgrace to GRACE. Above all else I am eternally grateful for the gift of salvation and the privilege of being blessed to become a blessing to others. Your turn is NOW! **Ephesians 4:7**. But to each one of us Grace has been given as Christ apportioned it.

# GOD RESTORED MY JOY

JUDITH GAYLE - BROOKLYN, NY

**T**hroughout the course of life, many of us make wrong choices that can profoundly affect the outcome of our future. We align ourselves with people who don't know our worth and value. Therefore, our progress can be hindered.

I had to come to a place of understanding and learn how to separate myself from religiosity, in order to find myself. Religion is so indoctrinated into most of us as children, either by a system or our parents and their parents as well. I considered myself a loyalist but being loyal didn't mean I had to suffer. I realized people can be loyal to the wrong things and forget that God is our source.

I walked into **The Temple of Restoration** as a wounded and broken vessel. I smiled with everyone, but I was hurting on the inside. Yes, people would say I blessed them when I ministered, but what they could not see was the turmoil within me. I was so exhausted of everything and everyone due to my internal bleeding from past hurt, disappointments and discouragement, which I might add were overwhelming for years. I felt like I was spiraling into an abyss all alone.

I will never forget on January 1, 2017 sobbing on the phone to someone, who listened to my wailing intently for about an hour. I told her that I was under demonic attack and needed prayers. When I was given the information, I reached out to the Bishop on Facebook and he responded back with an invitation to attend The Temple of Restoration. I walked into the service that same evening seeking no recognition from anyone; I just wanted my breakthrough. Like the woman with the issue of blood, I was at my wits end and felt if it didn't happen that night, I would not make it to the next day. I needed a supernatural intervention and needed it immediately. As the Pastor walked out on the pulpit,

amazingly, he started singing one of my songs, *"Tings Already Betta"*. Then the worship leader said something to him and he stopped the music. He said he understood the young lady who sang that song was present. I walked up to the altar as he invited me to, was given the microphone and started singing. I wanted him to just pray, but I realized that I was in an atmosphere where I could sing and break every barrier that caged me in. I sang that night like it was my last day on earth.

I went back to TTOR the Monday night, which is called **"Winners Night"**. When Bishop Angelo Barbosa started preaching, the words coming from his mouth were lined up with God's Word that said, *"The entrance of thy words giveth light; it giveth understanding unto the simple"* (**Psalm 119:130**). The word was piercing, cutting away everything that held me bound. He called me and prayed for me after the service. When I got home, I was not the same because I had an anointing that was really profound.

Since walking into TTOR, my life has changed tremendously. I have now found myself, Allelujah! Allow me to encourage someone out there by saying, "Let God lead you and not religion." Many will not like you for the truth spoken and your testimony, but keep pressing on. I thank and pray for Bishop Angelo and his family always because they are Kingdom minded. They push you to succeed; they hold no grudges against people and their gifts because they know their worth and purpose. I pray that God will continue to keep me rooted and grounded even after this.

# GOD IS FAITHFULL

**TSAHAI HUTTON - BROOKLYN, NY**

I left my home in Jamaica and came to America 23 years ago. I left my three daughters at a young age with the intention of making a better life for them. Over the years, I tried many times to get my papers. I have spent a lot of money going to different agencies and various lawyers. They would take my money and tell me to wait but nothing happened.

During the Month of Sacrifice at TTOR, I prayed to God and He opened a door for me. I came in agreement with Him to pursue getting my papers once again. I was determined that this year would be my Year of Restoration to finally get my

papers. He showed me the amount to sacrifice and it was very, very hard. My cable was even disconnected but I knew I had to be steadfast and I wanted my seed to speak on my behalf.

At the 6am service on sacrifice Sunday, the Pastor had us pray and cry out to God as we went around the wall of Jericho. We walked around the church seven times and I heard the Lord say, "The wall is down!" after the last time. Before Bishop and the other pastors even arrived in Israel, I received my approval letter. I now have my work permit and traveling document. My sacrifice seed spoke for me; my God is faithful!

Thank you Bishop Angelo and Pastor Rosalie for teaching us to have a relationship with God. God is Awesome!!

# GOD BROKE THE CURSE OF CANCER

**JESSICA JIMENEZ - NEWARK, NJ**

My name is Jessica and I'm going to start by saying I fought cervical cancer for over 2 years. I had two very painful surgeries and was told that my cervix would have to be removed if the test came back positive. This would mean that I would not be able to have any more kids. I prayed and cried but never gave up hope. My mother and grandmother both died of cancer and I just didn't want to be next.

I was driving one day and saw a block party and my kids wanted me to stop, so I did. I never saw so many people come together for the children in the community to have a great time, and the people there were so welcoming and joyful. Later on that day, I found out that a church hosted the block party and was invited to attend service the following day. I decided to attend the service with my kids.

Attending this church, The Temple of Restoration, has really been a blessing to me. I was taught to exercise my faith even more. A month and a half after attending services on Mondays, Wednesdays, Fridays and Sunday, my doctor told me it was all over! I was so shocked; all my test results came back negative. I couldn't be happier. I thank God every day for breaking the curse and for this ministry and all those who prayed for me. I just know I have found a new family and home.

# GOD CHANGED MY SON

**KAYON BARNETT - QUEENS, NY**

When I came to The Temple of Restoration, my family was suffering, mainly because of the rebelliousness of my son, Daniel.

He was very restless, constantly getting into trouble and even got expelled for fighting and being disruptive in school. Seeing my son this way hurt me to the core. But thank God for His grace and mercies. Throughout the years of being at

The Temple of Restoration, I have practiced living in faith and have seen God's power manifested greatly in the life of my son. My son is now captain of his school's football team. The negative reports are a thing of the past. Today, Daniel positively impacts the lives of his peers both at school and church. I am so excited for his future and proud of what God is doing in and through him! When I contemplate on where God has brought him from, I can't but praise Him. The Temple of Restoration is truly the place "where Jesus Christ is changing lives every day!!!" My family and I are grateful to God for bringing us to this ministry. Thank you Jesus!!!!

# GOD TRANSFORMED MY LIFE

**BARNSWELL MARS - QUEENS, NY**

Before coming to **The Temple of Restoration**, my life was miserable. Nothing seemed to go right for me. I am a 2nd Dan Black Belt in karate and loved the sport as if my life depended on it. Everyday after work, I headed straight to the gym. But with all my accomplishment in the sport, I was still feeling unfulfilled. It was if a gaping hole was inside of me.

One day, my wife invited me to accompany her to a service at The Temple of Restoration. Surprisingly, I found that I enjoyed the service immensely. I started attending regularly, even though all I did was just sit and listened intently to the word of God. I did this for nine straight months. What I did not know was that God was working on me inside out.

I began to notice a difference in my mannerism; something was changing in me. The void inside me continually decreased until it disappeared totally. I noticed that as I continued to hear and read the word of God, I was being filled with encouragement and power to overcome certain weaknesses. Being in the presence of God has truly transformed my life. When the opportunity to serve in the ministry was extended to me, I readily embraced it.

It is really a pleasure to serve the Lord with my life, talents, skills and abilities.

Today, I am more confident, stronger in faith and have gained greater knowledge, wisdom and understanding of the word of God. I am empowered to teach my loved ones and all whom I come in contact with about God's word and power. Through The Temple of Restoration, the gaping void in me has been filled. I am extremely grateful to God for connecting me to this ministry. I say to you that the same God who connected me is there ready to do the same for you. Just accept this invitation. Join us in one of our services. Come with your heart open and know that your life will no longer be the same.

Thank you Lord.

# CREATED TO BE DIFFERENT

MICHAEL HAYNES – BROOKLYN, NY

**B**eing able to call **The Temple of Restoration** my spiritual home since the age of five has been one of the greatest blessings that God has bestowed upon me. Growing up in this church has kept me on the correct path and motivated me at times when it seemed like I would fall off. From the ages of five to eleven, I was an active member in Sunday school. Being able to learn the Bible in creative ways, prepared me to deal with the negative words that the world throws at you from a tender age. In Sunday school, I participated in plays, community service and other activities that made me look forward to attending church.

After Sunday school, I attended Youth Group. Youth Group prepared me to deal with the peer pressure that is associated with middle school and high school. It was during Youth Group that I developed character. Ms. Liz always talks about building on a solid foundation and for me, I was able to create my own foundation during those years. Through motivated Youth Group leaders, I was granted the opportunity to express my love for God through poems, skits and rap performances. Another amazing thing about The Temple of Restoration is that God has allowed this to be a place where the young and old can express their love for God freely without criticism or restrictions.

Oftentimes, adults minimize the struggles that young people go through. Young people are often bombarded with peer pressure, jealousy, hatred, suicidal thoughts, etc. In school, it does get difficult standing for Christ in an environment where you are the minority. You are constantly questioning if you are doing the right thing because those who are not living the same life as you seem to be having so much fun. It was in those dark moments that I was able to rely on the lessons that were instilled in me through Sunday school and Youth Group. Remembering that “I am more than a CONQUERER”

was important in a world that told me I would be nothing more than a statistic. Remembering that I was “fearfully and wonderfully made” was essential to my growth in a world that constantly told me that I wasn’t special.

Going away to college was one of the hardest things I’ve ever done. Being able to call the prayer line at any time of the day for prayers before a difficult test made being away from home a little easier. On days that I wasn’t able to attend a service, I was able to go on RestorationTime.com and be recharged for the upcoming week. In college, your beliefs are constantly being challenged, but God kept me steadfast and bold for Him.

Today, I am a young adult walking confidently in God’s will. I am thankful for the lessons that God taught me through The Temple of Restoration. In my darkest moments, knowing that my spiritual home was never too far away restored my joy. Today, I am a youth leader at our Dean Street location and I am fortunate to be able to impart the lessons that were taught to me many years ago. God is using me to encourage youths in the same manner that I was encouraged.

I would like to speak to the youths of today: You were created for a special purpose. In a world that pushes you to take shortcuts, remember that God created you to be different. In moments where you feel like there isn’t anyone to talk to, remember that you have a spiritual home that is available to you in-person or a call, 24/7. **I implore you to attend our Sunday school or Youth Group.** Your spiritual home has outlets that will cater to your every need. Do not compromise your morals and values because you feel like you are alone. There are people available to talk to in those moments. God’s got you and so do we! God Bless.

# NIGHT OF DECISION

▶▶ DECEMBER 31ST | 2017

The Night of Decision is an event that will take place on **DECEMBER 31, 2017 @ 10PM**. On that night, thousands of people from all walks of life will come together with one purpose—to decide the outcome of their lives in 2017. Now you may ask, “*Do I really have the power to decide the outcome of my life? I thought that was up to God or that it happens by chance or lucky events.*” No, the truth is that we have been given something powerful that I will refer to as the “**POWER TO DECIDE**”.

**Deuteronomy 30:19** says, “*I call heaven and earth as witnesses today against you, that I have set before you life and death, blessing and cursing; therefore choose life, that both you and your descendants may live;*”

God operates in our lives according to the choices we make. As much as He loves us and wants the best for us, we will suffer the consequences of our choices if we make the wrong decisions. One decision can make or break your future. Our position in life is the result of our decisions. Whether our position is good or bad, it all comes down to the decisions we make. For example, you can decide to accept this invitation or discard it. This could be your opportunity for a desired change in your life. At our last “**Decision Event**”, thousands of people with all kinds of problems and troubling circumstances participated; many obtained great results.

I want to cordially invite you and your loved ones to the **NIGHT OF DECISION - DECEMBER 31, 2017** at our locations: **490 Pacific Street - Bklyn, NY 11217 • 2525 Snyder Ave. - Bklyn, NY 11226 • 90-40 160th Street - Jamaica, NY 11432 • 125 Pennsylvania Ave. - Newark, NJ 07114 • 17 South Third Ave. - Mount Vernon, NY 10550 • 30 Walcott Street - Pawtucket, RI 02860**. For more info about this event, please call our information center at **718.622.4821 / 914.668.1905 / 973.242.0306 / 401.727.4822**

## WE MADE OUR DECISION WHAT ABOUT YOU?

The message Bishop delivered on the **Night of Decision 2016** was about “purpose.” That message transferred into the New Year for me. I realized that fulfilling your purpose was about doing it now. I have to find, understand and fulfill my purpose every day as a man of God, a husband, a father and a friend.

I no longer look to the future to do God's will. I wake up every day giving thanks and looking forward to living my day with a purpose. I now plan for the future but live for today in God's presence.

When I went to the **Night of Decision 2016**, there were many shut doors that seemed permanently sealed. I went to service with great expectations and a hopeful heart. I knew God was able and so willing to open those doors as long as I remained in His will and pressed on. The message that night assured me that God was still in the prayer answering business because **The Temple of Restoration** is a house of prayer where God truly dwells. God's power was confirmed, especially through the worship. I was encouraged that Jehovah has the final say in my life. Since the Night of Decision, I am now a citizen. I know other doors will soon burst open because my God is faithful.

My first time ever attending **The Temple of Restoration** was at the **Night of Decision 2016**.

Bishop brought God's message through loud and clear. I felt a sense of peace yet urgency. I knew I was alive and directed to TTOR for a reason and it was made clear that night. I learned to trust God more, to stand on His word and move in my faith.

Since that night, I have put tithing into practice. What a wonderful thing to give back to God what is His. My finances have gotten better. My health has gotten better. I have learned who God really is to me and who I am in Him. I was released from the pressures of the world because I now walk in His light.
